Reasons why **e-Exams**

are **Great** tools for learning

e-Exams are a rising star in the Edtech world, proposing solutions to provide more and more analytics tools that could help improve learning, not just grades... Here are 3 reasons why e-Exams are great for learning

1

e-Exams save time and reassign it on improving learning content and communication with learners

2

Grades provide precious information on what's going on with students' learning

3

Add a data visualisation tool, and e-Exams become effective Learning analytics tools

e-Exams' **SUPER**
go like this: **POWERS**
